

Let's do so that the coronavirus does not continue

Human beings, companions on my planet earth, I present to you this message that a Celestial Being has asked me to deliver to all of humanity; so that they practice it, protect themselves and be sealed with the Light of God; so that no harmful state put by beings of darkness alters our health.

DO SO THAT THE CORONAVIRUS DOES NOT FOLLOW

Beings must first clean the air so that nothing that comes from outside enters, because the Light there makes a shield that protects.

Air is a conductive medium that must necessarily be released, cleaned and protected.

Clean the air so you don't get sick

Every morning when the day begins feel the force of the air, its caress, its food; with devotion, with certainty, firmness, and feeling that you unify with the Light of protection in your cells, in your being, making a shell of Light, of high protection. Tell the air these words of Light:

Sacred air, air of life, I welcome you in love, in joy, I take you to my being in high purity; feed my cells with all your love, feed my neurons with all the wisdom, so that my thoughts are clear; balance the temperature of my body with your harmonic oxygenation, with your harmonic freshness; I receive you into my being with great joy and I thank you because you inhabit me, you feed me and you give me life.

Inhabit me only in high purity, no outside force will you bring, no contamination enters me and before doing so, you will go through the purity filter of the Light of God, and remove and erase from it, everything that comes loaded, contaminated, accommodated from other sources that want to alter my being. Amen.

In the day you feed on this sacred Light, feeling that the air enters high in purity into your being and thus receives it and is nourished by this Light.

At night, likewise, before sleeping, simply tell it:

In me, only the Light of God enters, through the air that reaches me while I rest, and I am in connection with the Divinity, while my dream is. Amen.

And if you wish, complement with the words of Light, Our Father's Prayer or prayer of liberation.

Prayer of deliverance

Our Father who is in Heaven, your name lives in our minds so that Light may be in them. Inhabit me from the Light, accompany me from the truth and guide me from love. Give me the Bread of Light so that my matter is Unity. Bless me just as I must bless my brother. Cover me so that you

withdraw the darkness from my being. Seal my steps, my thoughts and my actions with your Divine Light. My path is your path. Amen, amen, amen. Let it be so.

If you do so on a daily basis with certainty, it protects itself, sealing any off state, of contamination, that comes in the air; because when you are Light, you are power of protection and liberation; and the Light is not touched by any extinguished sources, such as viruses or bacteria, therefore, the body that is protected by the Light is not touched by contamination, it does not get sick. Practice it with certainty so that you realize your strength of Light with Divine unity.

Keep in mind: you do not have to live any religion or other belief, only the faith and the certainty that you are Light, son of Divine Creation, that you make creation with the Divine Source Father.

Daily practice of breathing in unity with the Divine Light to enhance the lungs and the brain, so that the coronavirus does not take possession

All human beings in the morning hour when their eyes open, must immediately stand with their bare feet, raise their hands to the High Heavens, very straight up, with fingertips towards the sky; feet close together, body very straight; and breathe slowly and very deeply through his nose, feeling that the air is crystalline Light; and so he takes it to the lungs saying:

I seal my being from any source other than God. Amen.

And pray Our Father or Liberation Prayer feeling that the lungs are crystalline Light and his whole being.

And repeating it by breathing deeply through the nose, the air being crystalline Light, taking it to the lungs feeling that they are crystalline Light and saying the same: *I seal my being from all sources that are not from God. Amen.* And pray again Our Father or prayer of liberation.

Do so ten -10 times in the morning, daily.

And at night kneeling on the floor, with nothing in between the knees, with hands in a prayer position in front of his heart, he will say:

My Lord and my God, my rest is from the Light of God; my dream is absolute liberation. While my rest is in my dream, everything that is not of God is diluted, diluted, diluted. Amen.

And pray three times our Lord's Prayer or prayer of deliverance.

Prayer of deliverance

Our Father who is in Heaven, your name lives in our minds so that Light may be in them. Inhabit me from the Light, accompany me from the truth and guide me from love. Give me the Bread of Light so that my matter is Unity. Bless me just as I must bless my brother. Cover me so that you withdraw the darkness from my being. Seal my steps, my thoughts and my actions with your Divine Light. My path is your path. Amen, amen, amen. Let it be so.

This will be done three months without stopping.

If in this way every being does it with certainty, firmness, in unity with the Light of God, nothing will touch them.

Enact it so that the state of darkness does not inhabit you. This is a teaching dictated by a Celestial Being, accept it, practice it and hand it over for the good of yourself and everyone.

En síntesis...

- Practique esta oración que aquí se enseña para limpiar el aire y se proteja de toda contaminación haciendo una coraza de Luz.
- Realice el ejercicio de respiración para fortalecer los pulmones y el cerebro, **para que el coronavirus no se instale.**
- Recuerde arrodillarse para hacer la oración de sellamiento y así protegerse antes de ir al descanso nocturno.
- Estas prácticas se deben hacer por 3 meses sin parar.

-Gracias por hacer obra por su ser y por la humanidad-
